Excess Data charged at 2.75¢/MB (charged per KB or in part)

IMPORTANT THINGS YOU NEED TO KNOW:

1st month minimum charges on TPG no-contract Mobile Broadband plans calculated as:

- SIM Only BYO modem: \$(monthly charge in first month) + \$20 SIM charge + Mobile Broadband Deposit of \$20.
- TPG Modem & SIM: \$(monthly charge in first month) + \$20 SIM charge + \$49.99 Modem cost + Mobile Broadband Deposit of \$20.

Mobile Broadband Speeds:

* Broadband speeds are available in the 3G/Dual Band network (2100MHz/900MHz). 7.2Mbps (HSDPA) and 2Mbps (HSUPA) are theoretical maximums. Average downlink speed between 512Kbps - 3.0Mbps and uplink speed between 512Kbps - 1.2Mbps and both are available in selected locations only. Other locations within the 3G/Dual Band coverage area provide average downlink speeds of between 512Kbps - 1.5 Mbps. Outside of these areas you will fall back to GSM/GPRS network (slower speed of up to 64kbps). Actual speed achieved varies depending on factors such as your location, equipment capabilities, software, source of your download and volume of network traffic. The quoted speeds above only apply in areas where the 3G/Dual Band network has been enabled with 7.2Mbps support.

Included Data: Data usage includes combined upload & download transfer and is charged per KB or in part. Included data can only be used in Australia and expires every month. If you exceed your plans included data allowance, excess data rate will apply. TPG recommends you regularly monitor your data usage online via Your Account to avoid excess charges. To keep track of your data usage at any time simply log into "Your Account" at www.tpg.com.au. With "Your Account", you can check your data usage, see your monthly statement and update your details. Please note TPG relies on our network carrier to provide us with data usage records, therefore there may be a delay of 24 to 48 hours in updating data usage records.

Mobile Broadband Deposit:

At the time of registration, we debit \$20 that is kept as a Security Deposit and used to pay for any excess data usage. Excess data usage means the data that go above your included data allowance. Once your deposit goes below \$5, we will debit a sufficient amount from your bank account/credit card to top it back again to \$20. If your data usage is high, this can occur more than once per month and more than \$20 might need to be debited. You authorise to make such debits to your account/credit card. If you do not exceed your included data allowance your deposit will not ever be debited. We will send you SMS messages about your usage and the debits during the month. Your service will become inactive if our attempts to debit credit card/bank account to top up your deposit are unsuccessful. Any unused Security Deposit will be refunded back to your account once you cancel the service.

Equipment Delivery:

A \$10 delivery fee applies if TPG USB E1762 Modem is not collected from 65 Waterloo Rd, North Ryde, NSW 2113.
