

## Information about the Service

### Service Description

Fibre to the Home (FTTH) is a high speed broadband service that is delivered using fibre optic that has been installed directly to the network boundary point of individual premises.

TPG FTTH S Bundle includes the following components:

- Unlimited FTTH Broadband
- Voice Service (no included calls)

The service is a pre-paid service and bills are not issued. A minimum \$20 prepayment is required at registration. As you use the service for calls outside the included value, the prepayment will be automatically topped up when the prepayment falls to a specified dollar amount.

### Availability

Only available in selected buildings. To check for availability, please use the address checker at [www.tpg.com.au/ftth](http://www.tpg.com.au/ftth)

### Bundling Arrangements

Once an FTTH Bundle is purchased:

- Change of plan option is restricted to TPG FTTH Bundle plans only
- You cannot cancel either component (FTTH or Voice Service). Cancellation will cease both services.

### #FTTH Speeds

Actual throughput speeds may be slower and could vary due to various factors including interference, download source, customer cabling and equipment. The S Bundle has an upload connection speed of up to 1Mbps.

### Equipment Required

A compatible 4 Port Wi-Fi Modem Router is included in FTTH Bundle plans. \$10 Delivery fee applies if equipment is not collected from TPG's Head Office.

### Minimum Term

FTTH Bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 18 month contract term (early termination fees apply). See Minimum Total Cost applicable in the Information about Pricing section.

### Inclusions & Exclusions

**Included Calls:** Charges for calls are not included in the FTTH S Bundle and will be charged listed TPG rates on a 'pay as you go' basis and deducted from your Prepayment. Calls to 19/1900 numbers are not supported.

**CSG Waiver:** The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Directory Assistance – 1223	\$1.10 per call
TPG 13 14 23	Free

^ Charged per 30 second block or part thereof

### Network Boundary Point:

TPG will supply every customer with a Wi-Fi Modem to get connected with TPG's FTTH service. Customers are required to pay a \$10 standard delivery fee or they can collect the necessary equipment from TPG's head office in North Ryde NSW. An Optical Network Terminal (ONT) is pre-installed at the customer's premises. TPG's responsibility and demarcation point is the LAN1 port on the ONT. TPG is not responsible for any cabling beyond that point.

### Special Note:

TPG Voice Service is delivered using voice over Internet Protocol (VoIP). The Voice Service supports fax to national numbers in the Telstra, Optus, AAPT and Primus PSTN network. Fax to international numbers is not reliable and VoIP based fax is not supported. This plan does not support the Priority Assistance Scheme. The Voice Service does not

support old dial up technology devices with built in modems such as EFTPOS, Back to Base Alarms and Foxtel Program purchase. These devices have been replaced by Internet Protocol (IP) enabled devices and many TPG customers are able to use EFTPOS, Back to Base alarms and Foxtel Program purchase through the internet provided that their devices are IP enabled. For further details on IP enabled devices contact your device supplier. TPG Voice Service also does not support analogue modems, Priority Assistance Scheme, calls to 19/1900, 0500 numbers and Universal International Freephone Numbers (UIFN). The Voice Service requires a broadband connection and power to the Wi-Fi modem router supplied by TPG and to the TPG equipment in your building. If there is a broadband connection outage in your premises or your building due to power or other faults, the Voice Service will not work and you cannot make phone calls including "000" emergency calls.

## Other Information

### Usage Information

You can monitor your Broadband and Voice Service usage by logging into Your Account online at [www.tpg.com.au/account](http://www.tpg.com.au/account).
