

Information about the Service

Service Description

TPG's NBN SL Bundle service is delivered via the National Broadband Network (NBN) using FTTP, FTTB, FTTN, FTTC or HFC technology to the network boundary point of your premises.

TPG NBN SL Voice Bundle includes the following components:

- NBN Broadband
- Voice Service (no included calls)

The service is a pre-paid service and bills are not issued. A minimum \$20 prepayment is required at registration. As you use the service for calls outside the included value, the prepayment will be automatically topped up when the prepayment falls to a specified dollar amount.

Availability

The NBN SL Voice Bundle is available at selected coverage areas and subject to infrastructure availability at customer's premises. To check for availability, please use the address checker at www.tpg.com.au/nbn/coverage

Bundling Arrangements

Once an NBN Bundle is purchased:

- Change of plan option is restricted to TPG NBN Bundle plans only and you cannot move back to a TPG ADSL2+/ADSL service.
- You cannot separately cancel either component (NBN Broadband or Voice Service). Cancellation will cease both services.

NBN Speeds

Typical Evening Download Speed is measured between 7pm and 11pm. The actual speeds for the service may be slower and vary due to many factors including type/source of content being downloaded, hardware and software configuration, the number of users and performance of interconnecting infrastructure not operated by TPG. Devices connected by Wi-Fi may experience slower speeds than those connected by Ethernet cable. For FTTB, FTTN and FTTC customers, we will inform you of your maximum line sync speed once available. If you are on a higher speed NBN plan, you have the option to downgrade to a lower speed plan without any penalties.

Equipment Required

If you do not already have the required NBN infrastructure installed at your premises, you or an authorised person over 18 years of age will be required to be home on the day of installation for a technician visit. If we find that you will require a technician visit to perform the installation, we will advise you of the date and time after registration. You need an NBN compatible modem to connect your devices to TPG NBN Broadband service. A Wi-Fi modem router is included in the NBN SL Voice Bundle.

Minimum Term

The NBN SL Voice Bundle plans are supplied on either a no lock-in contract (customers are permitted to terminate the service by giving 30 days notice) or 18 month contract term (early termination fees apply). See Minimum Total Cost applicable to each plan in the Information about Pricing section.

Inclusions & Exclusions

Voice Service Included Calls: Charges for calls are not included in the NBN SL Voice Bundle plan and will be charged at [listed TPG rates](#) on a 'pay as you go' basis and deducted from your Voice Prepayment Outside Included Value. Calls to 19/1900 numbers are not supported.

CSG Waiver: The standard Monthly Charge and Setup pricing stated in the Information about Pricing section are based on new customers agreeing to waive the Customer Service Guarantee (CSG).

Oz Talk Add-on: This add-on allows you to make unlimited Local Calls (excluding 13/1300 numbers), unlimited Standard National Calls to Landlines and unlimited calls to Standard Australian Mobiles. Calls to 19/1900 numbers are not supported. Charges for calls made that are not included in the add-on (e.g. calls to 13/1300, International Calls and Directory Services) will be charged at listed TPG rates by deducting usage charges from your Prepayment. The service is for residential consumers only and may not be used for commercial purposes.
