Mobile Plan Terms - Plan Brochure

1. Mobile plans are supplied by TPG Internet Pty Ltd (ACN 068 383 737) under the terms of the Standard Terms and Conditions and the Mobile Service Description and Terms (available at tpg.com.au/terms_conditions).
2. During the application process, we will debit your bank account or credit card for the first month's minimum monthly recurring charge (less applicable discounts). We will then send an account number to your nominated email address which you must use to login to the "My Account" section of our website to activate the Physical SIM or eSIM associated with your Mobile Service. Your billing month will commence on the date your Mobile Service is activated. If you do not activate a Physical SIM within 120 days of your order being accepted (within 30 days for eSIM orders), your application will be cancelled.
3. You must call Customer Support to cancel the mobile service. If you have not given us prior notice of termination, we will debit the next month's recurring charges seven days prior to the commencement of the next billing month. Subject to your consumer law rights, if you cancel your mobile plan part way through your billing cycle you won't receive a refund of your plan fees for a partial period or for any unused Prepaid Balance.
4. Payments: All TPG services are prepaid. You must pay the monthly recurring charges in advance. Apart from the invoice issued at signup (if applicable), subsequent invoices will be issued seven days prior to the end of your billing cycle. You agree that your bank account will be direct debited or a charge to your credit card will occur even though you may not have had the opportunity to check all applicable charges before the debit. In addition, you have the option to make additional prepayment for usage that is not within the included value for the plan that you have acquired (Prepaid Balance). If there are insufficient funds in your Prepaid Balance for a particular excluded usage, you will not be able to make that usage. Prepayments can be made during registration or after activation via the My Account section of the TPG website. If you choose to make additional prepayment, the amount will be debited from your nominated bank account or credit card. If you do not use the prepayment, it will be forfeited to us when you cancel the service.
5. If the direct debit of your credit card or bank account for the next billing month (monthly recurring charges) fails, then the mobile service will be suspended if the invoice has not been paid by the end of the current billing month.
6. If you wish to upgrade or downgrade to a different mobile plan, there is no charge for this but the change may only come into effect at the start of the next billing month (provided that the invoice for your next billing month has not been issued).
7. If you need a new phone number because you have received calls of a harassing nature and you reported the matter to the relevant law enforcement agency, we will supply you with a new phone number free of charge.
8. Premium SMS and Premium MMS services are not available.
9. A 4G/5G approved device is required for these plans. 5G network access requires a 5G approved device within our 5G coverage area. 4G network access requires a 4G/5G approved device within our 4G coverage area. The device must be unlocked for use on the Vodafone mobile network.
10. We will send you messages about your usage during the month and you can check your usage online. Generally, usage records will be available online within 30 minutes of the usage event but records of some events, particularly international roaming events, may not be available until 48 hours after the usage event. You remain liable for such usage events even if these usage records are delayed.
11. Services are available to approved customers only on direct debit/credit card. Payment by American Express and Diners Club will incur a surcharge of 3.02% and 2.75% (incl. GST) respectively.
